IFTA is an international association of professionals who work with couples and families. Members may be family therapists, psychologists, social workers and other behavioral health specialists, but they all share one thing in common: they are specialists who are trained to work with relationships. Each year, at the annual IFTA Congress, over 300 professionals from over 40 countries come together to learn from each other and share their clinical skills.

Plenary addresses and workshops have been presented by many world leaders in the field of family therapy such as Salvador Minuchin, Monica McGoldrick, Takeshi Tamura, Karl Tomm, Kathlyne Maki-Banmen, David Schnarch, Wai-Yung Lee, Ruth Banmen, John Miller, and Maurizio Andolfi. The keynote speakers for 2024 will be announced soon.

Like all IFTA Congresses, it will feature many approaches to a variety of problems and ways of coping with them. The congress aims to help heal hurting couples and families in various cultures.

他の IFTA の学会同様、本大会は様々な問題への取り組み及び対策を中心としております。学会の目的は、多文化状況下で生じる夫婦、家族の問題を癒し軽減することにあります。
